# Attestation Report on Pre-issuance of Bank of China Tokyo Branch's 2018 Green Bond

## To the Directors of Bank of China Limited

We have been engaged by Bank of China Limited (the "Bank") to examine the assertions in the accompanying the *Description on Bank of China Tokyo Branch's 2018 Green Bond* (the "Description"), and expressed a limited assurance opinion on the Description.

## Criteria

The Description is prepared in accordance with the *Green Bond Principles 2018* published by International Capital Market Association (ICMA), the *Climate Bonds Standard (V2.1)* published by the Climate Bonds Initiative and the Climate Bond Standard Sector Eligibility Criteria.

## Management's Responsibility

The management of the Bank (the "Management") is responsible for:

- Preparation of the Description in accordance with the *Green Bond Principles 2018* and the *Climate Bonds Standard (V2.1)*, and to ensure the fair presentation, accuracy, completeness and validity of the information contained in the Description;
- Preparation, presentation and implementation of internal controls in relation to project evaluation and selection, use and management of proceeds, and information disclosure and reporting in accordance with the *Bank of China Sustainability Series Bonds Internal Management Regulation* and *Bank of China Limited Sustainability Series Bonds Management Statement* and to meet the criteria as set out in the *Green Bond Principles 2018* and the *Climate Bonds Standard (V2.1)*;

## Assurance Practitioner's Responsibility

We conducted our limited assurance engagement in accordance with *International Standard on Assurance Engagements 3000: Assurance Engagements Other than Audits or Reviews of Historical Financial Information* ("ISAE 3000") issued by the International Auditing and Assurance Standards Board.

Our responsibility is to express an independent limited assurance conclusion as to whether anything has come to our attention to cause us to believe that the Description, in all material

respects, does not meet the Criteria.

## **Our Procedures**

Our assurance procedures performed included, but were not limited to:

- Assessing policies and procedures established by the Bank related to the issuance of the Bank of China Tokyo Branch's 2018 Green Bond;
- Interviewing selected business unit personnel to understand the key issues in relation to the Bank's policies and procedures;
- Reviewing the Bank's policies and procedures in relation to the use and management of proceeds for the Bank of China Tokyo Branch's 2018 Green Bond;
- Reviewing the Bank's policies and procedures in relation to how Management evaluated and selected appropriate project(s) for the Bank of China Tokyo Branch's 2018 Green Bond;
- Reviewing the Bank's policies and procedures in relation to how Management compiled information and disclosed appropriately in the relevant documentation for the Bank of China Tokyo Branch's 2018 Green Bond; and
- Reviewing eligibility of all the nominated projects for inclusion in the Bank of China Tokyo Branch's 2018 Green Bond.

## **Assurance Conclusion**

Based on our procedures performed, as described in this report as of 29 October 2018, nothing has come to our attention that causes us to believe that the assertions in the Description on the use and management of proceeds, project evaluation and selection and information disclosure and reporting of the bond issuance process of the Bank of China Tokyo Branch's 2018 Green Bond are concerned, in all material respects, does not meet the criteria as set out in the *Green Bond Principles 2018* and the *Climate Bonds Standard (V2.1)*'s pre-issuance requirement.

## **Limitations**

There are inherent limitations in performing assurance, for example, assurance engagements are based on selective testing of the information being examined and it is possible that fraud, error or non-compliance may occur and not be detected. A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks. There are additional inherent risks associated with assurance over non-financial information including reporting against standards which require information to be assured against source data compiled using definitions and estimation methods that are developed by the reporting entity. Finally, adherence to Description are subjective and will be interpreted differently by different stakeholder groups.

Our work is substantially less in scope than an audit conducted in accordance with International
